Cool! Part 2

So I went to the web site for Body Bumps. Most of the products won't suit my customers. The Towtab does, see Cool! Part I, as does the Travel Care Stone/Brush Capsule. This little gadget is designed for the traveler who wants to have a compact, easy to use pumice stone and finger nail/toe nail brush. They come in lots of colors.

A perfect edition to the travelers toiletree kit.

Again, check out the web site at www.bodybumps.com.

Enjoy those sales!

Cool! Part 1

When was the last time you were in a store and found something "Cool!?" Well it happened to me recently. I found a useful, inexpensive product that outdoor stores, luggage-travel stores as well as baby-kids stores should offer. The fact is you may carry something similar but either more expensive to your customer or not as compact.

Imagine Lifesavers. When Lifesavers come to mind you think of a roll of colorful and tasty sugar.

Imagine those Magic Towels. You know, those towels that come all wrapped up tight. You add water to them and you have a wash cloth!

Now imagine a tube like the Lifesaver candies but with 10 magic towels in it. Perfect for the diaper bag, first aid kit, dry bag, purse, briefcase, glove box and so many more place. You can have an instant towel to clean up after - well whatever you need them for.

They are all natural and reusable until you are finished with it.
